- *Programs may combine more than one of these foundational curriculum areas into a single course, as they build their curriculum in ways that are congruent with the program's mission, goals, and outcomes.*
- *Programs may emphasize some of the areas more than others and include other areas that are consistent with their program's mission, goals and outcomes. Programs may include another layer of requirements based on a specialization or emphasis (e.g., faith-based orientation, licensure laws, specialized certification, and so on) as long as there is a clear rationale and relational/systemic philosophy in the majority of the program.*
- *Minimum semester/quarter credits or equivalent clock hours are established for the first seven curricular areas. Programs may choose what combination of additional area 1 through 7 semester/quarter credits or equivalent clock hours beyond the individual area minimums will be taught consistent with their program's mission, goals, and outcomes.*
- *Programs must require students to develop and/or present an integrative/capstone experience before completion of their degree program as part of the foundational curriculum below. Programs must decide how to meet this requirement in keeping with the program's mission, goals, and outcomes. Examples include: a theory of change/therapy theory presentation/paper, a thesis, a therapy portfolio, or a capstone course.*

*FCA 1: Foundations of Relational/Systemic Practice, Theories & Models (Minimum of 6 semester credits/8 quarter credits/90 clock hours)*

*This area facilitates students developing competencies in the foundations and critical epistemological issues of MFTs. It includes the historical development of the relational/systemic perspective and contemporary conceptual foundations of MFTs, and early and contemporary models of MFT, including evidence-based practice and the biopsychosocial perspective.*

*FCA 2: Clinical Treatment with Individuals, Couples and Families (Minimum of 6 Credits/8 quarter credits/90 clock hours)*

*This area facilitates students developing competencies in treatment approaches specifically designed for use with a wide range of diverse individuals, couples, and families, including sex therapy, same-sex*

*FCA 3: Diverse, Multicultural and/or Underserved Communities (Minimum of 3 Credits/4 quarter credits/45 clock hours)*

*This area facilitates students developing competencies in understanding and applying knowledge of diversity, power, privilege and oppression as these relate to race, age, gender, ethnicity, sexual orientation, gender identity, socioeconomic status, disability, health status, religious, spiritual and/or beliefs, nation of origin or other relevant social categories throughout the curriculum. It includes practice with diverse, international, multicultural, marginalized, and/or underserved communities, including developing competencies in working with sexual and gender minorities and their families as well as anti-racist practices.*

*FCA 4: Research & Evaluation (Minimum of 3 Credits/4 quarter credits/45 clock hours)*

*This area facilitates students developing competencies in MFT research and evaluation methods, and in evidence-based practice, including becoming an informed consumer of couple, marriage, and family therapy research. If the program's mission, goals, and outcomes include preparing students for doctoral degree programs, the program must include an increased emphasis on research.*

*FCA 5: Professional Identity, Law, Ethics & Social Responsibility (Minimum of 3 Credits/4 quarter credits/45 clock hours)*

*This area addresses the development of a MFT Identity and socialization, and facilitates students developing competencies in ethics in MFT practice, including understanding and applying the AAMFT Code of Ethics and understanding legal responsibilities.*

*FCA 6: Biopsychosocial Health & Development Across the Life Span (Minimum of 3 Credits/4 quarter credits/45 clock hours)*

*This area addresses individual and family development, human sexuality, and biopsychosocial health across the lifespan.*

*FCA 7: Systemic/Relational Assessment & Mental Health Diagnosis and Treatment (Minimum of 3 Credits/4 quarter credits/45 clock hours)*

*This area facilitates students developing competencies in traditional psycho-diagnostic categories, psychopharmacology, the assessment, diagnosis, and treatment of major mental health issues as well as a wide variety of common presenting problems including addiction, suicide, trauma, abuse, intra-familial violence, and therapy for individuals, couples, and families managing acute chronic medical conditions, utilizing a relational/systemic philosophy.*

*The following areas must be covered in the curriculum in some way, though there are no minimum credit requirements.*

*FCA 8: Contemporary Issues*

*This area facilitates students developing competencies in emerging and evolving contemporary challenges, problems, and/or recent developments at the interface of Couple or Marriage and Family Therapy knowledge and practice, and the broader local, regional, and global context. This includes*

*such issues as immigration, technology, same-sex marriage, violence in schools, etc. These issues are to reflect the context of the program and the program's mission, goals, and outcomes. Programs are encouraged to innovate in this Foundational Curricular Area.*

**FCA 9: Community Intersections & Collaboration**

*This area facilitates students developing competencies in practice within defined contexts (e.g., healthcare settings, schools, military settings, private practice) and/or nontraditional MFT professional practice using therapeutic competencies congruent with the program's mission, goals, and outcomes (e.g., community advocacy, psycho-educational groups). It also addresses developing competency in multidisciplinary collaboration.*

**Key Element IV-C: Foundational and Advanced Application Components**

*The program must demonstrate they offer an application component with appropriate placement in the curriculum, duration, focus, and intensity consistent with their program's mission, goals, and outcomes.*

Foundational Practice Component

- *Master's degree program and Post-degree programs that teach the foundational curriculum offer the foundational practice component (practicum and/or internship).*
- *Includes a minimum of 500 clinical contact hours with individuals, couples, families and other systems physically present, at least 40% of which must be relational. The 500 hours must occur over a minimum of twelve months of clinical practice. The 500 hours may include a maximum of 100 alternative hours or clinical activity (e.g., couple or family groups, live cases where reflecting teams are directly involved in working with clients, etc.) that is directly related to the program's mission, outcomes, and goals. Alternatively, the program may demonstrate that graduating students achieve a competency level equivalent to the 500 client contact hours. The program must define this competency level and document how students are evaluated and achieve the defined level. The program demonstrates a consistent set of evaluation criteria for achieving the defined level of competency across all students. In addition, programs that do not require 500 hours must document that students are informed about licensure portability issues that may result from not having 500 hours. Those programs requiring less than 500 hours may not use alternative hours to count toward total client contact hours.*
- *The program demonstrates a commitment to relational/systemic-oriented supervision. Students must receive at least 100 hours of supervision and must receive supervision from an AAMFT Approved Supervisor or Supervisor Candidate for at least one hour each week in which they are seeing clients. Additional supervision may be provided by AAMFT Approved Supervisors, Supervisor Equivalents, or State Approved Supervisors. Supervision can be individual (one supervisor with one or two supervisees) or group (one supervisor and eight or fewer students) and must include a minimum of 50 hours of supervision utilizing observable data. Supervision may utilize digital technology in which participants are not in the same location as long as the*

*majority of supervision is with supervisor and supervisee physically present in the same location and appropriate mechanisms/precautions are in place to ensure the confidentiality and security of the means of technology delivery.*

- *Programs have agreements with practice sites that outline the institutions', the practice sites' and the students' responsibilities, and published procedures in place for managing any difficulties with sites, supervisors, or students.*

**Commission's Response:**

The program meets the requirements of this Key Element.

**Key Element IV-D: Program and Regulatory Alignment**

*The program demonstrates that graduates have met educational and clinical practice requirements (e.g., coursework, clinical experience, and supervision) that satisfy the regulatory requirements for entry-level practice in the state, province, or location in which the program physically resides or in which the student intends to practice. Programs must also document that students are informed (e.g., demonstrate review of appropriate regulatory sites or licensing laws) about the educational, clinical, and regulatory requirements for entry-level practice in the state, province, or location in which each student resides or intends to practice.*
